Goal

To provide participants with current information on selected topics applicable to the College of Pharmacy Experiential Program.

Objectives

1. Identify when a PA may prescribe schedule IIs under delegation, without limitation.
2. Describe the form of prescription required with the type of transmission and the signature requirements for the transmission.
3. Describe the elements of the prescription, non-controlled and controlled, when prescribed under delegation, including the "agent".
4. Write a letter of recommendation consistent with the student pharmacist's abilities.
5. Create the framework of a performance improvement plan for a student failing to meet academic expectations.
6. Incorporate three useful techniques to provide an effective evaluation of the academically advanced student.
7. Design three student activities that will enhance patient care and provide value to the practice setting.
8. Determine the professional and/or behavioral issues at your practice site which may result in student failure.

Location and Parking

The conference will be held at the College of Pharmacy Center for Innovational Learning and Research. The College is located at 25 Michigan Street NE, Suite 7000, Grand Rapids, MI 49503. More detailed driving directions can be found at:
