Continuing Education Credit

This knowledge-based program is intended for pharmacists and other individuals who have interest in these topics. Attendance at the Spathelf Lecture has been approved for 2.0 credit hours (0.20 CEU) and attendance at the Guideline Skepticism afternoon session has been approved for 3.0 credit hours (0.30 CEU) in states that recognize ACPE approved providers. To receive credit for the program, participants must pass a post-test with a score of at least 70% at the conclusion of the program, as well as complete an evaluation. Statements of Credit will no longer be mailed to the participant unless specifically asked. Statements of Credit are available upon successful completion of post-test and evaluation in your Learning Express account.

This will not be an on-going program.

Ferris State University College of Pharmacy is approved by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. ACPE Universal Program Numbers:

0028-0000-13-088-L04-P, 0028-0000-13-089-L01-P

LOCATION

The Spathelf Lecture will be at Williams Auditorium on the campus of Ferris State University. If attending this lecture, please park in **Lot 10** to the north of Williams. Lunch and the afternoon session will be held in the College of Pharmacy Building. Guests can park in University **Lots 19, 28, or 42**. A detailed campus map and parking pass will be mailed to participants upon receipt of their registration.

GOAL

Too often, medical practitioners follow guidelines and standards of practice blindly, without stopping to consider the evidence recommendations are based on. We invite you to join us in taking a skeptical view of a few standards of practice and delve into the evidence to see if we agree with what the "experts" think.

OBJECTIVES

At the conclusion of the Spathelf Lecture, participants should be able to:

1. Outline the role of a large, multi-national corporation in addressing the need for improved healthcare globally.
2. Distinguish knowledge, skills and attitudes that will be critical for the healthcare workforce of the future.

At the conclusion of the Guideline Skepticism afternoon session, participants should be able to:

1. Discuss appropriate A1C goals in the treatment of type 2 diabetes based on the most current guidelines;
2. Evaluate the guidelines and standards associated with sepsis with a focus on the best treatment for fluid resuscitation.

**Why not stick around for the weekend and enjoy
Ferris' Homecoming events - including
Ferris State Bulldogs vs. Saginaw Valley Cardinals
football action - kick off 2 pm**

**Visit the College of Pharmacy tent in the parking lot
behind Top Taggart while you're tailgating on
Saturday, October 5 (10:00 am - kick-off). Come and talk with
the Dean of Pharmacy, Dr. Stephen Durst, and try your hand at some
bean bag toss—win pharmacy garb and other items.**

**For a more detailed schedule of events, visit:
<http://www.ferris.edu/alumni/Homecoming/Schedule.htm>**
